snapin 74mm

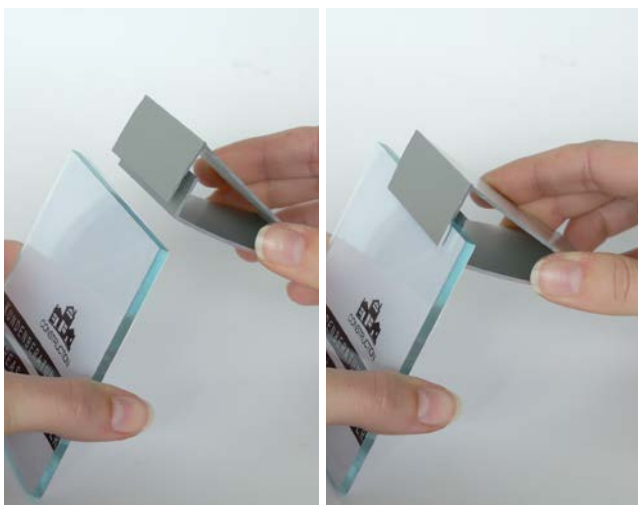

# snapin

MADE IN EU design by KD

**IT** snapin è un profilo ad incastro in alluminio anodizzato color argento per pannelli rigidi di 4 mm di spessore. è possibile abbinarlo alle tasche snaprex oppure, dando sfogo alla sua creatività, lo si può utilizzare per inserirvi dei pannelli in alluminio composito stampati. i suoi usi sono molteplici, infatti può essere utilizzato come portanome, portaprezzi e portainformazioni di prodotti o anche come semplice cornice per le foto. snapin : un ottimo consiglio.

**DE** snapin ist ein silber eloxiertes aluminium-klemmprofil für 4mm starke platten. sie können es mit den snaprex einschubtaschen verbinden oder selbst kreativ werden und es z.b. für bedruckte alu-verbund-paneele nutzen. das einsatzgebiet ist vielfältig: ob als namensschild, preis- bzw. produktauszeichnung oder als bilderrahmen, mit snapin sind sie gut beraten.

**EN** snapin is a silver anodized aluminium extrusion for 4mm thick panels. you can use it together with our snaprex poster pockets or become creative yourself and use it for printed aluminium composite panels. the field of possible application is huge: e.g. as a name plate, as a price or product tag or as picture frame, with snapin you are always well advised.
